

ONLINE: Keeping Kids Safe

“Child Abuse is complex.”

Children are vulnerable. We need to do what we can to protect them from abuse, trafficking and other forms of child maltreatment that are very real and present around us. Keeping Kids Safe is a short introduction to child safety that helps us understand why children trust their abusers, and what we can do to prevent that. It will help us train our eyes to see child maltreatment around us, and create environments where children are safe. In addition, this short course has a special focus on trafficking, one of the types of child maltreatment that is most frequently misunderstood.
